Dear Station Manager,

We believe that God's Word can **transcend any language barrier**.

That's why we wanted to take a moment and remind you of *Nuestro Pan Diario*, the Spanish version of the *Our Daily Bread* 2-minute short feature.

Fashioned directly from the print edition of *Our Daily Bread*, this daily broadcast has become a favorite devotional of listeners around the world... and now it's available to the Spanish-speakers in your audience!

When you air *Nuestro Pan Diario*, you're giving radio listeners and devotional readers a **consistent and parallel experience across both languages**.

The broadcast is available nationwide via Amb-OS and FTP download.

Amb-OS permissions can be requested through the Amb-OS station portal. You can also **contact our Media Services Team** to gain access to the new program by calling (818) 865-0180 ... or emailing us at info@kempandcompany.cc.

Thank you for considering a partnership with *Nuestro Pan Diario* and making it possible for *Our Daily Bread Ministries* to **reach people of many cultures for the sake of eternity**.

Sincerely,

Your Media Services Team
Roger Kemp and Company
